INTRODUCTION

At Artize Lite PVT LTD, we illuminate spaces with innovation and excellence from last 10years.As a leadingproviderof cutting-edgelightingsolutions, wearededicatedto transforming environments with our high-quality products and exceptional service.

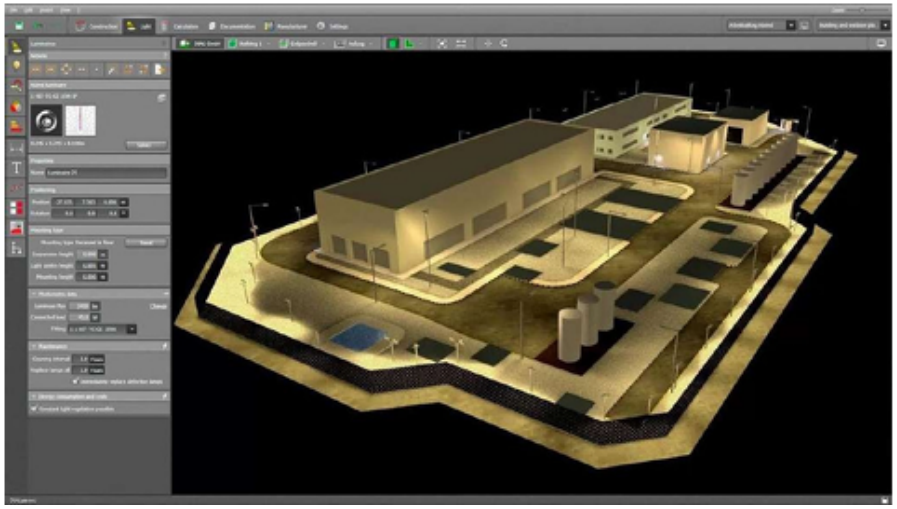

ZIVIO®

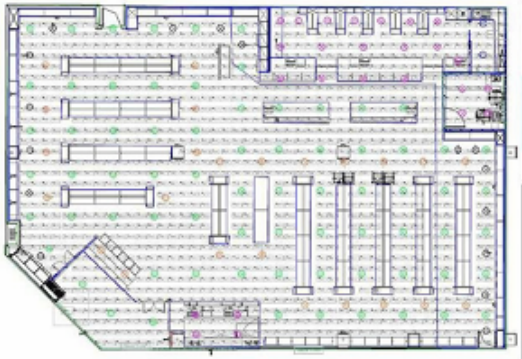

ZIVIO functions as the leading and guiding entity for **Artize Lite**. Zivio provides strategic direction, brand leadership, product innovation oversight, and market positioning support. All major brand-related decisions, design philosophies, and long-term business strategies are driven under the guidance of Zivio.

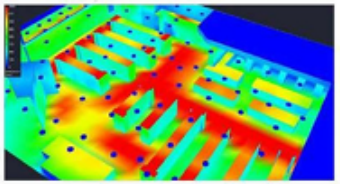

Artize Lite serves as the operational company, while **Zivio** acts as the parent guiding brand, holding the trademark and providing strategic leadership for all activities conducted under the Artize Lite name.

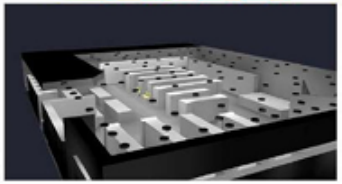

Artize Lite is the primary operating company engaged in the development, manufacturing, and distribution of lighting products and related solutions. The company manages day-to-day operations, production activities, client servicing, and commercial execution.

Tailored Lighting Design Services may include:

- **Installation**
- **layout Lux calculation**
- **Dialux simulation**
- **3D rendering**

3D Rendering Animation

We cooperate with wonderful 2D/3D designers closely to provide professional animated lighting designs. Our designers have extensive product knowledge, an understanding of current trends and timeless principles of lighting design, and experience of working on a range of lighting projects. Together we drive a range of design concepts from functional to decorative.

Artize Lite gives you complete lighting solutions for residential, commercial and out door use. Our extensive range lets you choose for varied budgets with out compromising on quality and reliability. They are designed to complement and coordinate the most exclusive interior and exterior lifestyle and decors, from classic to contemporary.

Our Mission

Our mission is to enhance the quality of life through superior lighting solutions. We believe that the right lighting can transform any space, creating an atmosphere that is both functional and aesthetically pleasing. We are committed to providing energy efficient, sustainable lighting options that help reduce environmental impact while delivering outstanding performance.

We Provide Best Products With Best Techniques

An important feature in ARTIZE LITE creative process is the use of state-of-the-art development techniques. The intensive use of 3D printing, early stage FMEA (Failure Mode and Effect analysis), gonio photometry and in-house supervised manufacturer testing (SMT) result in a fast, efficient and first-time right development process. As such, an essential attribute in the company's short idea-to-market philosophy.

Throughout the entire production process Artize Lite distinguishes itself by handling the strictest quality parameters, to ensure products and services are designed and produced to exceed customer requirements. Every step in the production process has a routine quality procedure, covering both product quality and testing. As such, each product that leaves Artize Lite, has been inspected and tested thoroughly, resulting in minimum returns and maximum efficiency. Product quality and safety testing according to the international IEC standards is done in NABL accredited Laboratory.
